Dear [Attorney's Name],

I am writing to formally express my dissatisfaction with the legal representation I have received from you and your firm regarding my case [Case Name/Number].

Despite my expectations and the assurances given to me at the beginning of our engagement, I have experienced multiple issues including [list specific issues such as lack of communication, inadequate preparation, missed deadlines, etc.]. These matters have significantly impacted my case and caused me considerable distress.

I believe it is important for you to understand how these issues have affected not only my trust in your abilities but also the outcome of my legal matters. I had anticipated a higher level of professionalism and advocacy during this process.

Given the circumstances, I request a meeting to discuss these concerns in detail and to explore the possibility of transitioning my case to another attorney, should this situation not improve. I would appreciate a prompt response to this letter.

Thank you for your attention to this matter.

Sincerely,

[Your Name]
