

Debt Relief Program Proposal for Retirees

Date: [Insert Date]

To Whom It May Concern,

I am writing to propose a debt relief program specifically designed for retirees living on a fixed income. As many seniors face financial challenges in their retirement years, it has become increasingly important to provide support that addresses their unique needs.

Program Overview

The proposed program aims to assist retirees in managing and reducing their existing debts while ensuring they can maintain their quality of life. We propose the following key components:

- Debt Counseling Services
- Negotiation with Creditors
- Financial Literacy Workshops
- Legal Assistance for Debt Resolution

Target Audience

This program will cater to retirees aged 65 and older who are struggling to meet their basic living expenses due to overwhelming debt.

Funding and Support

We seek partnership with local organizations and financial institutions to secure funding and resources necessary for the successful implementation of this program.

Thank you for considering this proposal. I look forward to the opportunity to discuss it further.

Sincerely,
