Dear [Recipient's Name],

I hope this letter finds you well. As we approach our wedding, I would like to discuss the importance of a prenuptial agreement and its role in ensuring our financial security.

Reasons to Consider a Prenuptial Agreement

- **Protection of Assets:** A prenup can help protect your individual assets and property acquired before the marriage.
- **Debt Protection:** It can safeguard you from any debts acquired by your partner during the marriage.
- **Clarity on Financial Obligations:** Establishing clear financial responsibilities can prevent misunderstandings.
- **Support for Future Planning:** It allows for a structured approach to potential financial changes or responsibilities in the future.

Conclusion

I believe that having an open conversation regarding a prenuptial agreement will not only protect us but also strengthen our relationship. I would appreciate your thoughts on this matter and look forward to discussing it further.

Warm regards,
