Dear [Customer Service/Support Team],

I am writing to formally request an upgrade of my current internet service plan. As a homeowner looking to integrate smart home technology, I have found that my existing internet connection is insufficient to support the multiple devices that I intend to connect.

Currently, I am subscribed to the [Current Service Plan] which provides [Current Speed] Mbps. However, with the addition of [List Smart Home Devices], I require a minimum speed of [Desired Speed] Mbps to ensure seamless connectivity and optimal performance.

Could you please provide information on the available upgrade options, including pricing, speed, and installation process? I appreciate your assistance with this matter and look forward to your prompt response.

Thank you for your attention to this request.

Sincerely,

[Your Name]
