[Company/Organization Name]  
[Company Address]  
[City, State, Zip Code]

Dear [Recipient's Name],

I am writing to formally request your consideration for the enhancement of our current network infrastructure. As [your position] at [your company/organization name], I have observed that our existing systems are increasingly unable to support our growing operational demands.

Our current network infrastructure has faced challenges in terms of speed, reliability, and security, which have impacted our overall productivity and service delivery. I believe that investing in an upgrade will greatly improve our capabilities and support our long-term strategic goals.

We recommend conducting a comprehensive assessment of our existing network and exploring options that include [briefly mention suggested improvements, e.g., increased bandwidth, upgraded hardware, improved security protocols]. We are confident that these enhancements will not only address our immediate needs but also position us for future growth.

I kindly request a meeting to discuss this proposal further and explore potential solutions. Thank you for considering my request. I look forward to your positive response.

Sincerely,

[Your Name]
