

Character Building for Student Athletes

Date: _____

Dear [Student Athlete's Name],

As a crucial member of our athletic team, I want to take a moment to discuss the importance of character building both on and off the field. The qualities you exhibit during practices, games, and interactions with peers and coaches speak volumes about who you are as a person.

1. **Integrity:** Always strive to do the right thing, even when no one is watching. Your honesty in sportsmanship is crucial.
2. **Respect:** Show respect towards your teammates, opponents, coaches, and officials. A true athlete understands the value of respect in fostering positive relationships.
3. **Responsibility:** Own your actions and be accountable for both successes and failures. This is vital for personal growth.
4. **Teamwork:** Support your teammates and work collaboratively. Remember, a great team is built on strong individual commitments.
5. **Perseverance:** Challenges will come, but it's your determination and persistence that will lead to success in sports and life.

I encourage you to focus not only on honing your athletic skills but also on developing your character. These attributes will benefit you well beyond your time at our school.

Best regards,
