Dear [Recipient Name],

We are excited to propose a collaborative effort between our departments to enhance our advising programs through an interdisciplinary approach. By combining our expertise and resources, we can create a more comprehensive support system for our students.

The goals of this collaboration include:

- Integrating diverse academic perspectives into our advising strategies.
- Developing workshops and resources that address holistic student needs.
- Fostering a network of communication among advisors across disciplines.

We suggest scheduling an initial meeting to discuss our ideas and explore potential frameworks for partnership. Please let us know your availability for the upcoming weeks.

Thank you for considering this opportunity to work together in supporting our students more effectively. We look forward to hearing from you soon.

Sincerely,
