

Water Conservation Rebate Program Guidelines

Dear [Applicant's Name],

Thank you for your interest in the Water Conservation Rebate Program. This program aims to encourage residents to adopt water-saving measures and technologies.

Program Overview

The Water Conservation Rebate Program offers financial rebates for the installation of water-efficient appliances, fixtures, and irrigation systems. The goal is to promote sustainable water usage within our community.

Eligibility Criteria

- Applicants must be residents of [City/State].
- Rebates are available for qualifying installations completed after [Date].
- All applications must include proof of purchase and installation.

Rebate Amounts

The following rebates are offered:

- \$[Amount] for high-efficiency toilets.
- \$[Amount] for water-saving showerheads.
- \$[Amount] for rain barrels.
- Additional rebates for complete irrigation system upgrades.

Application Process

To apply for a rebate:

1. Complete the attached application form.
2. Include copies of receipts and installation documentation.
3. Submit your application by [Deadline Date].

Contact Information

If you have any questions, please contact our office at [Phone Number] or [Email Address].

Thank you for helping us conserve water and promote a sustainable environment.

Sincerely,
