Subject: Definition of Scope for Logistics Compliance Audit

Dear [Recipient Name],

As we prepare for the upcoming logistics compliance audit, it is essential to define the scope of the audit to ensure a thorough evaluation of our operations. Below is the proposed scope for the audit:

Audit Objective

The primary objective of this audit is to evaluate compliance with relevant regulations and internal policies pertaining to our logistics operations.

Scope of Audit

- Review of transportation procedures and documentation
- Assessment of warehouse management practices
- Compliance with safety regulations
- Evaluation of inventory management processes
- Analysis of vendor and supplier compliance

Audit Period

The audit will cover the period from [Start Date] to [End Date].

Reporting

A comprehensive report will be provided upon completion of the audit outlining findings, conclusions, and recommendations for improvement.

Please feel free to reach out if you have any questions or require further clarification regarding the audit scope.

Best Regards,
