

Request for Assessment of IT Resources

Dear [Client's Name],

I hope this message finds you well. We are reaching out to request your assistance in assessing the current IT resources utilized within your organization. This assessment will help us understand your needs better and enhance our services to better support your business objectives.

The assessment will include:

- An overview of your existing IT infrastructure
- Identification of any gaps or challenges you might be facing
- Recommendations for improvements and upgrades

We believe that your input is invaluable in ensuring that we tailor our approach to meet your specific requirements. Please let us know a suitable time for us to discuss this further, or if you prefer, we can send over a short survey for you to complete at your convenience.

Thank you for considering our request. We look forward to your feedback.

Best regards,

[Your Name]

[Your Position]

[Your Company]
