Dear [Recipient Name],

I am writing to formally express my concern regarding a recurring disturbance caused by the car alarm of your vehicle, which is parked near my residence at [specific location if known]. The frequent activation of the alarm typically occurs during the late evening hours and has been a significant source of noise pollution, disrupting my peace and sleep.

Despite my efforts to tolerate this situation, the noise has become increasingly disruptive, affecting my daily life and well-being. I understand that car alarms are designed for security; however, the frequency and duration of this noise issue have crossed the line into a disturbance that I can no longer ignore.

I kindly ask for your cooperation in addressing this situation, either by ensuring the alarm is properly maintained or by parking the vehicle in a location where it does not disrupt the peace of the neighborhood.

Thank you for your attention to this matter. I hope to resolve this situation amicably.

Sincerely,
[Your Name]
