

# Dear Neighbor,

I hope this message finds you safe and well after the recent storm. As you may have noticed, our properties have sustained some damage, and I want to reach out to discuss potential repairs and ways we can support each other during this time.

First and foremost, I believe it's important for us to assess the damages together. I am available this weekend to take a look at the affected areas. It might be beneficial to gather a list of what needs repair and strategize an approach for both of our homes.

Additionally, if you require assistance with repairs or have any resources to share, please do not hesitate to let me know. We can work together to find local contractors who specialize in storm damage repair, ensuring both of our homes are restored efficiently.

Let's also keep in mind that we're in this as a community. If you hear of any group efforts or neighborhood assistance programs, please share the information.

Thank you, and I look forward to working together to get our homes back to good condition.

Best regards,
