**Dear [Recipient's Name],**

I hope this message finds you well. I am writing to express my concern regarding the health impacts that tobacco smoke in our neighborhood may be causing to residents, particularly children and individuals with pre-existing health conditions.

Recently, there has been an increase in tobacco use in our area, leading to secondhand smoke exposure. Studies indicate that secondhand smoke can have serious health repercussions, including respiratory issues and increased risk of heart disease.

I believe it is important for us to work together to ensure that our neighborhood remains a healthy living environment. I encourage you to consider initiatives that may help reduce tobacco smoke exposure, such as designated smoking areas or community awareness programs.

Thank you for considering this important issue. I look forward to your response and hope we can collaborate to create a healthier neighborhood for everyone.

Sincerely,

[Your Name]
