Subject: Feedback on Tobacco Smoke Issues in Our Parks

Dear [Recipient's Name],

I hope this message finds you well. I am writing to express my concerns regarding the tobacco smoke issues observed in our local parks, particularly [specific park name]. As a regular visitor, I believe it is crucial to address this matter for the health and comfort of all park-goers.

Many families and individuals frequent the park for recreational activities and relaxation. However, the presence of tobacco smoke can disrupt these experiences and pose health risks, especially to children and individuals with respiratory conditions.

To create a more enjoyable and healthy environment, I would like to suggest the possibility of implementing designated smoking areas or increasing awareness about the impacts of smoking in public spaces. Additionally, promoting smoke-free parks could significantly enhance the overall park experience.

Thank you for considering this important issue. I look forward to hearing your thoughts and any plans that may be in place to address tobacco smoke in our parks.

Best regards,

[Your Name]
