Dear [Recipient Name],

I am writing to formally request the consideration of a proposal for the expansion of the transport network in [specific area/location]. As a concerned resident and stakeholder, I believe that enhancing our transport network will significantly contribute to the improvement of local accessibility and economic growth.

Specifically, I propose that we examine the possibility of adding new routes and enhancing existing services to better connect our community to [mention any specific areas, landmarks, or resources]. The increase in service frequency and coverage could alleviate congestion and improve overall travel efficiency.

I would greatly appreciate the opportunity to discuss this proposal in further detail and explore potential plans for implementation. I am confident that by working together, we can create a more robust and efficient transport system that meets the needs of all residents.

Thank you for considering this request. I look forward to your positive response.

Sincerely,

[Your Name]
