We are excited to announce the kickoff of our new environmental campaign, "**Protect Our Planet**", aimed at raising awareness and promoting sustainable practices in our community.

Join us on **March 15, 2024**, at **10:00 AM** at the **City Park Pavilion** for an engaging day filled with activities, informative sessions, and the chance to collaborate with others who are passionate about preserving our environment.

This campaign aims to address issues such as litter reduction, tree planting, and educational workshops on sustainable living practices. Together, we can make a difference!

We encourage you to bring your friends and family and spread the word. Together, let's create a healthier planet for future generations.
