

Energy Conservation Strategy Announcement

Dear Members,

We are excited to announce our new Energy Conservation Strategy aimed at reducing our gym's environmental footprint while maintaining the quality of your workout experience.

Key Initiatives

- Installation of energy-efficient lighting throughout the facility.
- Implementation of smart thermostats to optimize heating and cooling.
- Encouragement of member participation in energy-saving practices.

We believe that together, we can make a significant impact. Thank you for your continued support in promoting a sustainable gym environment.

Best regards,
The Management Team
