Dear [Manager's Name],

I hope this message finds you well. I am writing to provide feedback regarding the noise levels within the fitness center. As an active member, I have noticed that the noise can sometimes be disruptive, particularly during peak hours.

While I appreciate the energetic atmosphere, certain areas, especially near the weights section and group classes, can become excessively loud. This can make it challenging for members to focus on their workouts.

It would be beneficial to explore possible solutions to help mitigate the noise, such as sound insulation or designated quieter zones, especially for members who prefer a more tranquil environment while exercising.

Thank you for considering my feedback. I look forward to seeing improvements that enhance our gym experience.

Sincerely,
