Subject: Overview of Reviewer Suggestions

Dear [Author's Name],

Thank you for submitting your manuscript titled "[Manuscript Title]" for review. Below, I have outlined my suggestions and feedback to help improve your work:

General Comments

- Clarify the central thesis in the introduction.
- Strengthen the literature review to include recent studies.

Specific Suggestions

1. **Section 2:** Provide more detailed methodology.
2. **Figure 3:** Ensure the axis labels are correctly formatted.
3. **Conclusion:** Summarize key findings more explicitly.

Minor Edits

- Check for grammatical errors in paragraphs 3 and 5.
- Consistently format references per journal guidelines.

I believe that addressing the above suggestions will enhance the clarity and impact of your manuscript. I look forward to seeing the revised version.

Best regards,
