

Feedback on Manuscript Preparation

Date: [Insert Date]

Dear [Author's Name],

Thank you for submitting your manuscript titled "[Manuscript Title]" for consideration at the [Conference Name]. We appreciate the effort you have put into your research and the insights shared in your paper.

Feedback Summary:

- **Clarity:** The overall clarity of the manuscript is commendable; however, some sections could benefit from further elaboration.
- **Structure:** Consider revising the organization of the introduction to better guide the reader through your research problem.
- **Methodology:** Ensure that your methodology is detailed enough to allow for reproducibility by other researchers.
- **References:** Review and update the reference list to include recent studies relevant to your work.

Action Items:

1. Revise the introduction to improve flow and coherence.
2. Enhance the methodology section with detailed descriptions of your experimental setup.
3. Update the references to include works published within the last two years.

We encourage you to revise your manuscript in light of this feedback and resubmit it. Please let us know if you have any questions or need further clarification.

Thank you once again for your contribution. We look forward to your revised submission.

Sincerely,
