

# Manuscript Preparation Feedback

Dear [Author's Name],

Thank you for submitting your manuscript titled "[Manuscript Title]" to [Journal Name]. We appreciate the opportunity to review your work. After a thorough examination, we have compiled feedback to assist you in preparing your manuscript for resubmission.

## General Comments

- Ensure that the introduction clearly outlines the research question and objectives.
- Please provide a more detailed literature review to support your findings.
- Consider revising the conclusion to better summarize the key contributions of your work.

## Specific Feedback

### Title and Abstract

The title is engaging but could be more descriptive. The abstract should be concise and include the main findings.

### Methodology

Please clarify the sampling methods used and provide additional details about data collection.

### Figures and Tables

Some figures lack captions explaining their relevance. Ensure all tables are referenced in the text.

### References

Review and ensure that all references follow the journal's citation style correctly.

We believe that addressing these points will enhance the clarity and impact of your manuscript. We look forward to your revised submission.

Best regards,
