

Dear [Author's Name],

I hope this message finds you well. After reviewing your manuscript titled "*[Current Title]*", I would like to suggest a retitling for better search optimization and to enhance its discoverability.

New Title Suggestion: "*[Proposed Title]*"

This new title incorporates key search terms that align more closely with current research trends and will improve your manuscript's visibility to potential readers and researchers.

Please let me know your thoughts on this suggestion.

Best regards,

[Your Name]

[Your Position]

[Your Institution]
