

Retitle Suggestion for Manuscript ID: 12345

Dear [Recipient's Name],

I hope this message finds you well. I am writing to propose a retitle for our manuscript entitled *[Current Manuscript Title]*, which is currently under review.

In light of the new findings we have obtained, I believe a more appropriate title would be **[New Suggested Title]**. This new title better reflects the main contributions and insights of our research.

Thank you for considering this suggestion. I look forward to your feedback.

Sincerely,
[Your Name]
[Your Institution]
[Your Contact Information]
