

# Ethical Committee Review Participant Feedback Summary

Date: [Insert Date]

To: [Insert Committee Name or Recipient]

From: [Insert Your Name/Institution]

## Introduction

This document summarizes the feedback received from participants regarding the ethical review process and their experience in the study titled "[Insert Study Title]."

## Participant Feedback Overview

We received feedback from [Insert Number] participants. Below are the key themes identified:

### 1. Clarity of Information

Participants appreciated the clear explanations provided regarding the study objectives and procedures.

### 2. Consent Process

Most participants felt comfortable with the consent process, indicating that they felt adequately informed before participating.

### 3. Support and Communication

Participants expressed satisfaction with the level of support and communication from the research team, noting prompt responses to their queries.

### 4. Ethical Considerations

Feedback indicated that participants felt their privacy and confidentiality were respected throughout the study.

## Conclusions

The feedback collected points to a generally positive experience among participants regarding the ethical aspects of the review process. Recommendations for future studies include [Insert Recommendations].

Thank you for your attention to this feedback summary. We appreciate the continued support of the ethical committee in ensuring the integrity of our research.

Sincerely,

[Your Name]
