

Employee Awareness Message

Dear Team,

As part of our ongoing commitment to safeguarding our organization's information and technology assets, we are launching a Cybersecurity Policy Awareness Campaign.

This campaign aims to educate all employees on our cybersecurity policies, the importance of data protection, and how to recognize potential threats.

Campaign Objectives:

- Increase awareness of cybersecurity policies
- Provide training on identifying phishing attempts
- Encourage safe password practices
- Foster a culture of security within our workplace

We encourage everyone to participate in the upcoming training sessions and to review the attached cybersecurity policy document.

Thank you for your attention to this important matter. Together, we can ensure a safer environment.

Best regards,
