

# Dear Grandma,

I hope you're smiling down on me from above. I wanted to take a moment to tell you how much I miss you and how many fun memories we shared together.

Do you remember our ice cream adventures? I loved how we would go to the park and pick out the craziest flavors. Chocolate chip cookie dough was always my favorite, and you would laugh when I got it all over my face!

And those rainy days when we stayed inside and baked cookies? I can still smell the delicious chocolate chip cookies we made. You taught me the perfect secret for making them extra chewy!

I think about those sunny afternoons in the garden too, when you taught me how to plant flowers. Every time I see a blooming rose, I remember your warm smile. You would always say, "Love and care make everything grow."

I carry those moments in my heart, and they make me feel happy whenever I miss you. Thank you for being the best grandma in the world.

Sending all my love to you in heaven,

Your loving grandchild,  
Emily
