

A Poem for You

Dear [Recipient's Name],

I wrote this just for you,

To help you through your day,

Though times are tough and skies are gray,

I'm here to love and stay.

Remember all the laughs we had,

The smiles that filled the air,

Your heart is strong, though it feels sad,

And I want you to know I care.

As flowers bloom in springtime's light,

Hope will come once more,

Hold tight to love, your guiding light,

And know you're not alone for sure.

With all my love,

[Your Name]
