Dear [Lender's Name],

I am writing to formally propose the dismissal of my Private Mortgage Insurance (PMI) for my mortgage account number [insert account number]. As of [insert date], I have maintained a consistent payment history and have successfully increased my home's equity, meeting the necessary conditions for PMI dismissal.

According to my calculations, my loan-to-value ratio is now [insert the percentage], meaning I have sufficient equity in my home to qualify for this request. I have attached the relevant documentation, including my recent property appraisal and payment history, to support this proposal.

I kindly request that you review my information and consider my proposal for the dismissal of PMI. I look forward to your positive response and appreciate your attention to this matter.

Thank you for your time.

Sincerely,

[Your Signature (if sending a hard copy)]
