

Post-Dermatology Treatment Monitoring

Dear [Patient's Name],

We hope this message finds you well. As part of your aftercare following your recent dermatology treatment, please monitor the following signs and symptoms:

- Redness or swelling that persists beyond [X] days
- Increased pain or tenderness at the treatment site
- Development of blisters or open sores
- Persistent itching or rash
- Discoloration that is not typical for your skin
- Signs of infection (such as warmth, pus, or fever)

If you observe any of these signs or have concerns, please contact our office at [Phone Number] or [Email Address]. Your health and recovery are our top priority.

Thank you for your attention to this matter.

Sincerely,

[Your Name]
