Subject: Apportioning of Inter-State Revenue Responsibilities

Dear [Recipient's Name],

We hope this letter finds you well. As part of our ongoing efforts to ensure equitable distribution of revenue responsibilities among our states, we are reaching out to discuss the current inter-state revenue apportioning framework.

According to our latest assessments, we propose the following adjustments to the revenue responsibilities to better reflect the economic activities in each state:

- **State 1:** [Insert Responsibility Percentage]% of total revenue
- **State 2:** [Insert Responsibility Percentage]% of total revenue
- **State 3:** [Insert Responsibility Percentage]% of total revenue

We believe these adjustments will foster better cooperation among the states and lead to improved revenue collection efficiencies. We kindly request your feedback on this proposal by [Insert Deadline Date].

Thank you for your attention to this matter. We look forward to your response.

Sincerely,
[Your Name]
[Your Title]
[Your Department/Agency Name]
