

# Dear [Name],

As you embark on this new journey called retirement, we can't help but feel a mix of excitement and jealousy. You're trading in your daily grind for afternoon naps and endless rounds of golf, and honestly, we're not sure who's winning here!

We have seen you work hard, but we suspect you've also been secretly training for this moment by binge-watching nature documentaries and perfecting your couch potato skills. Your commitment to mastering the art of remote control racing is commendable.

Remember, retirement is just another word for "I can do whatever I want" - just try not to scare the mailman when you greet him in your pajamas!

We'll miss your daily reminders of what day it is, your peculiar coffee mug collection, and your ability to make us laugh until we cry. So, here's to a future filled with adventures, naps, and perhaps a few turbulent encounters with Wi-Fi connections.

Don't be a stranger! We expect regular updates - photos of you trying to figure out how to use Instagram should suffice.

Congratulations and enjoy every minute of your well-deserved freedom!

Warmest wishes,

[Your Name]
