

# Curriculum Proposal for Student Engagement Input

Dear [Recipient's Name],

I hope this message finds you well. I am writing to propose a new initiative aimed at enhancing student engagement within our curriculum.

The primary objective of this proposal is to gather valuable input from our students regarding their learning experiences and preferences. This feedback will be instrumental in shaping a more interactive and effective curriculum that meets the diverse needs of our student body.

We plan to implement a series of workshops and feedback sessions where students can freely share their thoughts and suggestions. We believe that by involving students in the curriculum development process, we can foster a sense of ownership and accountability.

We would appreciate your support in this initiative and would welcome your input on potential strategies to effectively collect and utilize student feedback.

Thank you for considering this proposal. I look forward to your thoughts and hope to collaborate on making our curriculum even more engaging for our students.

Sincerely,

[Your Name]
