Dear [Recipient's Name],

I hope this message finds you well. I wanted to discuss some potential alterations to our prenuptial agreement that I believe could benefit both of us.

Here are some points I would like us to consider:

- Modification of asset division in the event of divorce.
- Inclusion of provisions for future income and business developments.
- Adjustment of terms regarding spousal support.

I suggest we schedule a time to meet and go over these points in detail. Ensuring that our prenup reflects our current situation and future goals is important to me.

Thank you for considering this discussion. I look forward to hearing your thoughts.

Sincerely,

[Your Name]
