Dear [Recipient's Name],

I hope this message finds you well. I am writing to inquire about the integration capabilities of your team collaboration software. As we are currently evaluating different solutions to enhance our team's productivity, understanding how your software integrates with other tools we use is essential.

Specifically, I would like to know:

- Which third-party applications does your software support?
- Are there any APIs available for custom integrations?
- How easy is it to set up these integrations?
- Are there any additional costs associated with integration?

Thank you for your assistance. I look forward to your prompt response.

Best regards,
