

# Household Waste Collection Tips

Dear Residents,

We are committed to making our community cleaner and greener. Here are some helpful tips to ensure effective household waste collection:

- **Separate Your Waste:** Please sort your waste into recyclables, compost, and general waste.
- **Use the Right Bins:** Make sure to use the designated bins for each type of waste.
- **Secure Your Trash:** Seal your trash bags to prevent spillage and animal access.
- **Follow the Collection Schedule:** Familiarize yourself with the designated collection days and times.
- **Reduce and Reuse:** Consider reducing your waste by reusing items whenever possible.

Thank you for doing your part in keeping our community clean!

Sincerely,  
Your Local Waste Management Team
