Dear [Lender's Name],

Subject: Reassessment of Construction Loan

I am writing to formally request a reassessment of my construction loan for the project located at [Project Address]. Due to [reasons for reassessment, e.g., changes in project scope, cost increases], I believe it is necessary to reevaluate the current loan terms.

As per our previous discussions, I would appreciate your prompt attention to this matter. Please let me know if you require any additional documentation or information to facilitate the reassessment process.

Thank you for your cooperation. I look forward to your prompt response.

Sincerely,

[Your Name]
