

# Dear Valued Investors,

We hope this message finds you well. We are writing to inform you about an important decision regarding our company's stock listing.

After thorough consideration and extensive discussions with our board of directors, we have made the difficult decision to voluntarily delist our stock from the public exchanges. This decision was not taken lightly and is based on the following reasons:

- **Market Conditions:** We have observed significant changes in market conditions that have affected our stock performance adversely.
- **Cost of Compliance:** The financial burden of compliance with public company regulations has become increasingly challenging.
- **Strategic Focus:** We believe that transitioning to a private company will allow us to focus on our long-term strategy without the pressures of quarterly earnings reports.
- **Investment Opportunities:** This move will enable us to seek alternative funding means to stabilize and grow our business.

We are committed to maximizing value for our shareholders and believe that this decision will ultimately serve the best interests of our investors. Your trust and continued support are greatly appreciated.

If you have any questions or concerns regarding this decision, please feel free to reach out to us directly.

Thank you for your understanding.

Sincerely,
