Subject: Feedback on Your Leadership Program Experience

Dear [Student Name],

I hope this message finds you well. I wanted to take a moment to provide feedback on your recent experience in the Student Leadership Program.

Firstly, I would like to commend your participation and commitment throughout the program. Your enthusiasm for learning and engaging with your peers was evident and greatly contributed to the overall atmosphere of the sessions.

One aspect that stood out was your ability to lead discussions effectively. Your contributions encouraged others to share their ideas, creating a collaborative environment. Additionally, the project you led demonstrated excellent planning and organizational skills.

However, I encourage you to work on your public speaking skills. Practicing in smaller groups could help build your confidence and enhance your delivery during presentations.

Overall, your involvement in the program has been impressive, and I am excited to see how you continue to grow as a leader. Keep pushing your boundaries, and don't hesitate to reach out if you need further guidance.

Best regards,
