Dear [Recipient Name],

I am writing to formally object to the liability claims related to identity theft that have been erroneously attributed to me. My name has been associated with fraudulent activities that were not carried out by me, and I believe this misassociation has resulted in false liabilities.

As evidence of my claim, I have enclosed copies of [list any documents, such as police reports, identity theft reports, or correspondence]. These documents substantiate my position that I am a victim of identity theft and should not bear any financial responsibility for the fraudulent actions carried out in my name.

I respectfully request that you review this information and reconsider the claims against me. I would appreciate your prompt attention to this matter and look forward to your response.

Thank you for your understanding and assistance.

Sincerely,
[Your Name]
