To Whom It May Concern,

I am writing to formally request a deferment of my education loans due to my current unemployment status. My loan account number is [Loan Account Number].

Unfortunately, I have been unemployed since [Date of Unemployment] and have been actively seeking employment without success. Given my financial situation, I am unable to make my scheduled loan payments at this time.

In accordance with the regulations regarding deferment, I would like to provide the necessary documentation to support my claim of unemployment. Please find attached [list any attached documents, e.g., termination letter, unemployment benefits notice].

I appreciate your understanding and assistance in this matter and hope to hear from you soon regarding the status of my request. Thank you for your attention to this issue.

Sincerely,
