## Patient Information:

**Name:** Emily Johnson

**DOB:** February 10, 1985

**Medical Record Number:** 987654321

---

## Reason for Referral:

Emily Johnson has been experiencing persistent joint pain, stiffness, and swelling in her hands and knees for the past three months. Laboratory tests indicate elevated inflammatory markers, and a preliminary evaluation suggests a possible autoimmune condition. A rheumatology consultation is requested for further evaluation and management.

## Relevant Medical History:

- Family history of rheumatoid arthritis.
- No previous history of autoimmune disorders.
- Current medications: Ibuprofen as needed.

**Enclosed:** Lab results and initial assessment notes.

Thank you for your attention to this referral. Please feel free to contact me for any additional information.

Sincerely,

Dr. John Smith
