Dear Admissions Committee,

I am writing to express my enthusiastic application for the Pre-College Program in Computer Science at [University/Institution Name]. As a high school student with a passion for technology and coding, I believe this program will provide me with valuable skills and knowledge to further my understanding of the field.

Throughout my academic career, I have pursued various opportunities to deepen my interest in computer science. I have completed [List any relevant courses or programs], and I have participated in [Extracurricular activities such as coding clubs or competitions]. These experiences have not only solidified my desire to study computer science but have also equipped me with essential problem-solving and analytical skills.

Attending the Pre-College Program would allow me to engage with like-minded peers, learn from esteemed faculty, and gain firsthand experience in a college-level environment. I am particularly intrigued by [Mention any specific courses or activities related to the program], as I believe they will be instrumental in shaping my future academic and career goals.

I am eager to contribute my enthusiasm and unique perspective to the program while gaining invaluable insights into the world of computer science. Thank you for considering my application. I look forward to the opportunity to grow and learn at [University/Institution Name].

Sincerely,

[Your Name]
