

Teeth Whitening Procedure Clarification

Dear [Patient's Name],

Thank you for your inquiry regarding our teeth whitening procedure. We appreciate your interest in enhancing your smile and are happy to provide you with the necessary information.

Procedure Overview

The teeth whitening procedure involves [brief description of the procedure, e.g., "using a hydrogen peroxide-based gel that is applied to the surface of the teeth to remove stains and discoloration"].

Duration and Sessions

The treatment typically takes about [duration, e.g., "one hour"], and most patients see results after just [number of sessions, e.g., "one session"]. Some may require additional visits for optimal results.

Expected Results

Patients can expect to see a whitening effect of [degree of whitening, e.g., "up to several shades lighter"]. Individual results may vary depending on the severity of discoloration.

Aftercare and Maintenance

Post-treatment care includes [brief aftercare instructions, e.g., "avoiding certain foods and beverages for 48 hours"]. We also recommend regular touch-up treatments for prolonged results.
