Dear [Recipient Name],

I am writing to formally submit a product liability claim regarding serious defects associated with my vehicle, a [Year, Make, Model], VIN: [Vehicle Identification Number]. During my ownership, I have encountered several issues that I believe stem from design, manufacturing, or marketing defects.

The primary issues I have experienced include:

- [Describe defect or issue #1]
- [Describe defect or issue #2]
- [Describe defect or issue #3]

These defects have not only led to significant repair costs but have also posed a serious safety risk. I have attempted to resolve these issues through authorized service centers, but the problems persist.

Given the circumstances, I am requesting compensation for the repair costs incurred, as well as any other damages that may apply. I have included documentation of my repair expenses, along with photographs of the defects for your review.

Please respond to this claim within [Insert Timeframe] to discuss how we can resolve this matter amicably. I believe we can reach a satisfactory conclusion that reflects the seriousness of the situation.

Thank you for your prompt attention to this matter.

Sincerely,

[Your Name]
