Dear [Recipient's Name],

We are writing in response to the allegations of medical malpractice concerning the issue of patient consent related to the treatment provided to [Patient's Name] on [Date of Treatment].

Our review of the case reveals the following critical facts:

- The patient was thoroughly informed about the nature of the procedure, potential risks, and benefits prior to consenting.
- A detailed consent form was provided and signed by [Patient's Name], confirming their understanding and agreement to proceed.
- All standard protocols were adhered to, ensuring that the patient's rights and autonomy were respected throughout the process.

In light of this information, we assert that appropriate informed consent was obtained, and the allegations presented do not reflect the facts of the case. We are prepared to defend against these claims vigorously.
