Dear [Utility Company Representative's Name],

I am writing to formally protest the recent increase in my utility fees, as detailed in my latest bill (Account Number: [Your Account Number]). I believe that the charges are not justified based on the service provided.

Specifically, I have noticed that my [electricity/water/gas] usage has not significantly changed, yet the fees have increased by [percentage or amount]. I would like to request a detailed breakdown of the charges and an explanation for this increase.

I kindly ask for a resolution to this matter, as the current fees impose a significant burden on my household budget. I hope to avoid any further action and am confident that we can reach a satisfactory resolution.

Thank you for taking the time to address this concern. I look forward to your prompt response.

Sincerely,  
[Your Name]
