Dear [Utility Company Representative or Customer Service],

I am writing to request a home energy audit as part of my efforts to improve the energy efficiency of my home located at [Your Address]. I am particularly interested in identifying sustainability measures that can be implemented to reduce my energy consumption and overall environmental impact.

Understanding that energy efficiency is not only beneficial for the environment but also for reducing utility costs, I am eager to learn more about the available programs and incentives your company offers.

Please let me know the next steps in scheduling an energy audit and any information I may need to provide. Thank you for your assistance in promoting sustainable energy practices.

Sincerely,

[Your Name]
