

# Utility Prepaid Service Plan Options

Dear [Customer's Name],

We are excited to introduce you to our updated prepaid service plan options designed to provide flexibility and control over your utility usage.

## Plan Options:

- **Basic Plan:** \$50/month - Includes up to 150 kWh of electricity.
- **Standard Plan:** \$75/month - Includes up to 250 kWh of electricity.
- **Premium Plan:** \$100/month - Includes up to 400 kWh of electricity.

Each plan allows you to monitor and manage your usage, ensuring you only pay for what you consume. Additionally, there are no hidden fees, and you maintain the power to top up your plan as needed.

## Benefits of Prepaid Plans:

- Control over your utility expenses.
- No bills at the end of the month.
- Flexible payment options.

If you would like to switch to one of our prepaid service plans or require further information, please do not hesitate to contact us at [Contact Information]. We are here to help!

Thank you for being a valued customer.

Sincerely,  
[Your Company's Name]
