

Letter of Recommendation

Date: [Insert Date]

To Whom It May Concern,

I am writing to recommend improvements to onboard wheelchair accessibility on [insert transport service name]. As an advocate for individuals with disabilities, I believe enhancing accessibility is not only a legal requirement but also a moral obligation.

The current accommodations do not adequately meet the needs of wheelchair users. I recommend the following enhancements:

- Installation of additional ramps with non-slip surfaces.
- Wider aisles for easier navigation.
- More designated seating areas for wheelchair users.
- Training staff on assisting passengers with disabilities.

Implementing these changes will greatly improve the travel experience for many individuals and foster an inclusive environment. Thank you for considering this vital recommendation.

Sincerely,

[Your Name]
