

# Guidelines for University Interdisciplinary Research Participants

Dear Research Participant,

We are excited to have you join our interdisciplinary research project at [University Name]. To ensure a productive and collaborative environment, please review the following guidelines:

## 1. Collaboration and Communication

- Engage actively in discussions with participants from different disciplines.
- Maintain open and respectful communication.

## 2. Respect for Diverse Perspectives

- Acknowledge and appreciate the diverse backgrounds and expertise of all participants.
- Be open to new ideas and approaches.

## 3. Research Ethics

- Adhere to all ethical standards in conducting research.
- Ensure the confidentiality and integrity of all research data.

## 4. Team Meetings

- Attend all scheduled team meetings unless prior notice is given.
- Prepare and contribute to discussions with relevant insights.

## 5. Timelines and Deadlines

- Stay informed of project milestones and deadlines.
- Communicate any challenges in meeting deadlines promptly.

Thank you for your commitment to our research efforts. Your participation is invaluable to the success of our project.

Sincerely,  
[Your Name]
